

In the matter of Alan Yurko an appeal process is underway. Alan Yurko, the Florida father imprisoned in 1997 for life for the alleged “shaken baby’ death of his infant son. This case has international implications due to evidence that mandated vaccines, not shaking, caused the boy’s death. The Yurko family still needs funds for what is expected to be an expensive, lengthy legal fight to free the 33-year-old Yurko.

Donations for the appeal from life imprisonment in the name of the Yurko Family Project may be directed to: Chiropractor Hero Fund -Yurko Family, c/o Warren Bruhl DC, DICCP, 630 Vernon Ave., # F & H, Clencoe, IL. 60022
