Issue: 2

Date: March/April 2003

### FROM THE TOP DOG:

This winter season brought us a lot of snow. As you can imagine, scooping in such conditions can be quite difficult, however, the satisfaction of our customers is always our main concern.

Since the recent blizzard halted services for a week, we would like to extend our appreciation to our customers for their patience and understanding during this time of extreme weather. We understand the importance of maintaining your yard in all sorts of weather and continue to strive towards accomplishing this goal with each visit.

With the warm weather approaching us, you can be sure that we are going to be right on schedule with our pick-ups so you and your dog can enjoy using the yard!

Mike Micheline - President

### HERE'S THE SCOOP:

Do you know someone who would benefit from our services or maybe you're just looking to give that unique gift? Why not consider a Poop B Gone gift certificate?

Our gift certificates are a great way to give someone more time to do the things they *really* enjoy doing in their yard instead of scooping after their dog.

Whether your gift certificate is for a weekly, monthly, or one time cleaning, it's sure to provide a nice break to anyone receiving it! What better time of year to consider giving that special gift as well?!

Call us today to find out more information on how to give that unique gift for that special someone!

### FELIX THE FINICKY FELINE:

When it comes to finding that "purr"fect product for cats, leave the task to me!

A common issue with cat owners is the litter box. Finding a good brand of litter is essential in keeping your cat's litter box clean, as well as keeping your house smelling fresh.

I tested Fresh Step clumping litter and found that it worked great. Its bigger granules make it low tracking, so that means less mess your kitty makes when he exits the box. It also clumps nicely for quick clean ups and has good odor control – which is especially important for households with multiple cats.

I highly recommend this product for the freshest and cleanest "Kitty Privy" ever!

## UGLY DOG CONTEST:

Is your dog a “mutt” or just having a “ruff” day? Why not enter your pooch in our Ugly Dog Contest?

The winning dog will get his or her picture in our next Newsletter – so send us a picture of your dog for consideration.

Hurry - all entries must be received by May 1<sup>st</sup>!

## KENNEL KRAFTS:

Welcome to Kennel Krafts – the place that offers mugs and calendars with your pet’s picture on it!

A gift from Kennel Krafts is perfect for any occasion - Birthdays, Anniversaries, Holidays, Get Well, Thinking of You, Thank You and more!

Call us today for pricing information. It’s the perfect gift idea with endless possibilities!

## DOG OF THE MONTH:

Your dog just might be picked to be our Dog of the Month!

One of our Scoopers will chose one “lucky dog” to appear in our next Newsletter.

Be on the lookout for our “P up”arazzi – he just might snap a shot of your pooch!

## THE BOSTON TERRIER

### MARKET:

The response to our home delivery of pet food and supplies has been tremendous! It pays to have us do the work for you, so you don’t have to spend your time making trips to the store and waiting on those long lines.

We’ll deliver your supplies within 3-5 days after you place your order. If you prefer, a delivery schedule can be set up in which your food and supplies can be delivered to you on a regular basis.

Be sure to ask about our wide selection of biscuits, bones and treats as well.

If you haven’t taken advantage of this convenience yet, call us today!

## BORIS THE BULLDOG ON TRAINING TIPS:

Separation Anxiety – stress dogs undergo in response to the owner leaving the dog home alone.

Dogs need to be properly conditioned to being left alone. It is important that the owner keep a balance, so that your dog does not feel as alone when you are away. It is also important that your dog receives positive, quality attention on a regular basis.

Here are some tips to help your dog deal with your absence:

- 🐾 Feed your dog twice a day. This will prevent possible mood swings due to low blood sugar.
- 🐾 Calmly walk your dog twice a day for 20 minutes.
- 🐾 Leave the radio on for your dog. It buffs outside noises and makes the house seem less empty. An easy listening station will help keep your dog nice and relaxed.
- 🐾 Leave a light on if it will get dark before you return.
- 🐾 Maintain a calm presence around your dog the last 30 minutes before you leave so as not to excite your dog and possibly cause him stress.

These are just some preventative measures, however, if your dog’s separation anxiety continues, consult your veterinarian.

## A WORD FROM ONE OF OUR SCOOPERS...

I like working for Poop B Gone because it is a fun job. It also allows me to take my dog on my routes with me.

Some areas that I service are Lake Grove, Lindenhurst, Massapequa and Northport.

- Scott

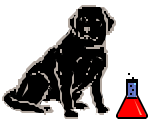

## DAPPER DOG ON PBG

### GROOMING:

Have you treated your dog to a trip to our grooming facility yet? PBG Grooming provides VIP treatment so your dog will feel extra special when he leaves.

With the warmer weather right around the corner, your dog will be playing around the yard more – which means more time getting dirty! What better way to show your dog you love him than to treat him to a professional grooming?

Leave the dirty work to us and call today at 499-7247 for information and pricing.

## THE LAB REPORT...

Fats are probably the most misunderstood of the nutrients because they are considered the cause of obesity. However, fats are essential for good health, particularly the skin.

Since your dog spends most of his time in a well-heated home, he is around the dry air that can intensify dry skin conditions. With the addition of Omega fatty acids to your dog's diet, this will help keep your dog's skin pliable and healthy.

Fats increase the palatability of food and affect food storage. They are also essential for healthy coat and skin, reproductive efficiency and kidney function.

## DOOGIE SCHNAUZER ON

### SAFETY:

Keeping your dog safe starts with being aware of the potential dangers that can harm him.

With the cool, rainy weather of spring fast approaching us, one potential danger to be aware of is Hypothermia.

When your dog's internal temperature drops below 96 degrees Fahrenheit by being exposed to cold and wet weather for long periods of time, there is a serious risk to your dog's safety.

It is recommended that small and short-haired dogs wear sweaters when taken outdoors in cold weather.

Any sign that your dog is getting very cold, such as shivering, should signal you to bring your dog inside immediately.
